RED BLOOD AMERICANISM  
IS COMING TO THE FRONT

Right now this Country is calling for men of stout hearts and sound bodies. It needs them to keep Old Glory triumphant and unsullied in the air.

The exigency now confronting us emphasizes, as nothing else could do, the importance of good health, both as an individual and national asset.

It gives point to the suggestion, often emanating from this office, that everybody should guard their health as a priceless possession. When you find yourself running down and not exactly keyed up to the fighting pitch, as is the case with everybody at times. You ought to come to Nature's relief and take a course of

## "ONLY A VOLUNTEER."

Why didn't I wait to be drafted? And be led to the train by the band. And put in a claim for exemption. Oh! why did I hold up my hand? Why didn't I wait to be cheered? For the drafted man gets all the credit. While I merely volunteered.

Nobody gave me a banquet. Nobody gave me a kind word. The puff of an engine. The grind of the wheels. Was all the good-bye I heard. Then off to the training camp hustled. To be trained for the next half year. And in the hustle forgotten. I was only a poor volunteer.

Perhaps some day in the future. When my little boy sits by my side. And asks me what I did in the great War. And his little eyes look up to me. I will have to look in those eyes. That at me so trustingly peer. And tell him I wasn't drafted. That I was only a poor volunteer.

## OFFERING FOR

## ORPHANS HOME.

Last Sunday morning at the Christian church Sabbath School, a plea was made for the Christian Church Widows and Orphans Home at Louisville and a collection of \$125, was made in a few minutes. This is a splendid work and the home has always been supported liberally by the local church here.

## SPLENDID RESPONSE

To Appeals For Relief Of Blind Soldiers And Sailors.

The union services at the Christian church last Sunday night, was well attended, all pastors of the various churches in the city participating, as is the usual custom, when a new pastor comes into our midst. Dr. Moorman made the principle address of the evening, which was well received and was a fitting prelude to the remarks made by the pastors of the other churches, giving some phase of the dreadful war and the incalculable suffering of the soldiers that are being blinded on the French front. The appeal for the relief of the American, British, French and Belgian soldiers and sailors met with immediate response and about \$225 was raised for this worthy cause.

Mrs. J. A. Amon is the chairman of this relief fund for Garrard county and has worked unceasingly for the cause and was the instrumentality of bringing it before the Lancaster people last Sunday night. That her work has been recognized is shown in the following letter which was written to Mrs. Amon, by Lady (Arthur) Paget, a member of the Executive Committee of the A. B. F. B. Permanent Blind Relief War Fund, a copy of which was mailed to the Central Record from the New York City headquarters, and which we take the liberty to publish in full.

"Mrs. J. A. Amon, Chairman, A. B. F. B. Permanent Blind Relief War Fund, Lancaster, Ky.  
My dear Mrs. Amon:

From the reports of our Honorary Secretaries I have learned of your untiring zeal in raising funds for soldiers and sailors blinded in the War. I would like to express personally to you and to the members of your Committee my deep gratitude and appreciation of your splendid work.

Since the United States took up the Sword of Righteousness we are all drawn even more closely together, doing whatever falls to our lot in the alleviation of suffering, and seeing what my country-women have done for the Blind I am more than ever proud that I too am American born.

It has taken time, patience and foresight to establish and perfect this scheme which will enable the Blind Veterans of France, England and the United States to become self-supporting and enjoy for the rest of their lives that comfort and serenity which their heroism has so surely won.

The sight of these fine men, their hopefulness and courage, taking up again their own lives in several spheres, be for you and for us an abiding reward.

With my heartfelt thanks for all you have done, I remain,

Yours sincerely,  
(Signed) Mary Paget,  
Of the Executive Committee.

## To Remove Smoke Stains.

This suggestion will be beneficial to housewives who have not the convenience of electricity or the modern gas fixtures. Frequently the ceiling above an old-fashioned gas jet becomes discolored from smoke and heat. The discoloration may be removed if a layer of starch and water is applied with a piece of flannel. After the mixture has dried it should be brushed lightly with a brush. No stain or mark will remain.

## The Arab as a Neighbor.

The Arab makes a good neighbor. His love of the beautiful in architecture is evidenced in a hundred cities where his handwork survives. Every visitor to Granada knows what was left behind at the Alhambra. When the Arab met Rome, he produced Palmyra; having absorbed the Sassanian dynasty of the neo-Persian empire in 637, the Arab created Bagdad; in overrunning Spain, he worked magic at Cordova and Seville.

## Compressing Cotton.

Scientific investigation has proved that compression of a high degree does not injure the fiber, and cotton is packed in other countries today at a density substantially three times that of ours by the most economical practice. The Egyptian package has a density of about 37 pounds a cubic foot; the Indian cotton is compressed to 45 pounds per cubic foot; while some Indian and Chinese baling plants effect a density of from 55 to 60 pounds of cotton per cubic foot.

## Boys Drowned, Cat Escaped.

The tables were turned in a tragic manner at Port Elizabeth, South Africa, recently when two young boys who attempted to drown a cat—at the request of the animal's owner—were themselves drowned in a small bay about three miles from the city. The cat struggled when the lads tried to hold its head under the waves and before the boys realized their danger they were swept out to sea by the outgoing tide. The cat escaped from the water and returned to its old home.
